H.O.P.E. Grant – Application Detail

The goal of H.O.P.E.'s grant program is to enable supplementary financial support to Heyworth Elementary staff for the end benefit of student education/enrichment. The below questions should be completed to provide a more detailed description of the grant request. The application form should not exceed one typed page. Completed applications should be submitted along with the Grant Request Application Form to the H.O.P.E. mailbox (heyworthhope@gmail.com) at least 2 weeks prior to the H.O.P.E. review meeting. Completed applications will be made available to H.O.P.E. Membership prior to the review meeting and copies will be on hand at the meeting for additional review prior to voting.

1. Describe the proposed need/project/program and the objectives it would accomplish.
2. What is the estimated cost of the project/program? Please summarize and attach itemized list.
3. Who and how many would benefit from this project/program? What would be the impact on students/staff?

I am applying for a grant to get special headphones that block out sound. Many students are struggling to concentrate on their work during independent work time. I have been using a set from my house to try and have seen improved focus for my students. These headphones would be valuable for all students current and future in my classroom. I would also be able to loan them to other teachers that are having the same issues. The cost for this would be \$37.85 total. It is for 5 headphones.
