

H.O.P.E. Grant – Application Detail

The goal of H.O.P.E.'s grant program is to enable supplementary financial support to Heyworth Elementary staff for the end benefit of student education/enrichment. The below questions should be completed to provide a more detailed description of the grant request. The application form should not exceed one typed page. Completed applications should be submitted along with the Grant Request Application Form to the H.O.P.E. mailbox (heyworthhope@gmail.com) at least 2 weeks prior to the H.O.P.E. review meeting. Completed applications will be made available to H.O.P.E. Membership prior to the review meeting and copies will be on hand at the meeting for additional review prior to voting.

1. Describe the proposed need/project/program and the objectives it would accomplish.

We have started a guitar class for 6th grade rti enrichment students. The school has purchased 8 beginner ¾ sized guitars. The enrichment classes have been averaging 18 students so they have to share guitars. With the grant money I would like to purchase 8 more guitars for the music room. Every student would eventually use the guitars as they progress into 6th grade. We have been playing them at music programs the past two years.

2. What is the estimated cost of the project/program? Please summarize and attach itemized list.

Each guitar is around \$73.00 so the estimated cost would be \$590.00 which includes the purchase of guitar pickes to go with them.

3. Who and how many would benefit from this project/program? What would be the impact on students/staff?

Each 6th grade student would immediately benefit so that would be approximately 60 students per year. Many of the 6th graders have told me how much they enjoy learning to play guitar and some of them have bought their own guitars to continue playing at home. I am encouraging them to take lessons to become advanced players.
