H.O.P.E. Grant – Application Detail Form

The goal of H.O.P.E.'s grant program is to enable supplementary financial support to Heyworth Elementary staff for the end benefit of student education/enrichment. The below questions should be completed to provide a more detailed description of the grant request. The application form should not exceed one typed page. Completed applications should be submitted along with the Grant Request Application Form to the H.O.P.E. mailbox (heyworthhope@gmail.com) at least 2 weeks prior to the H.O.P.E. review meeting. Completed applications will be made available to H.O.P.E. Membership prior to the review meeting and copies will be on hand at the meeting for additional review prior to voting.

1. Describe the proposed need/project/program and the objectives it would accomplish.

I would like to purchase some free standing display panels to display art on them. I could use them during our two main Art Shows every school year. This would allow me to display more art and it could be left up to enjoy after the Art show. I would use them other times in the year to display pop up exhibits, highlighting a specific project or grade. They could also be a convenient way to quickly hang student work for critiques during class. Also, many of my Illinois Art Standards cover children making their own art displays and exhibits. I would be able to better meet those standards with these display panels. Other teachers in the building would be welcome to use them as well.

2. What is the estimated cost of the project/program? Please summarize and attach itemized list.

Three sets of 2, V-shaped panels cost \$121.50 each bringing the total of all three to \$364.50. There will also be a charge for shipping and handling (around \$50-\$70). I'm not sure if Amazon.com will accept tax exempt or not. Grand total will be \$414.50 - \$434.50 depending on shipping rates.

3. Who and how many would benefit from this project/program? What would be the impact on students/staff?

Every student in grades Kindergarten through 6th grade will benefit from this grant because they will get the opportunity to display their artwork on them. They will be meeting more of the Art Standards because they would create their own displays on them and choose which artwork would hang. I could display more art more often and in other parts of the school besides the hallway outside the Art room. Other teachers would have the opportunity to use the display panels as well.
